

No. of Functional Features Included in the Solution

Date	28 September 2026
Team ID	SWTID-2026-4103
Project Name	FAQ Assistant API
Maximum Marks	5 Marks

Functional Features Overview:

This document lists all the functional features included in the project solution. Each feature is described with its purpose, implementation status, and contribution to the overall solution.

S.No	Feature Name	Feature Description	Module / Component	Status (Done / In Progress / Pending)	Marks Contribution
1	AI-Powered FAQ Answering	Provides automated answers to frequently asked questions using Gemini AI.	Gemini AI	Done	Automates FAQ answering
2	Natural Language Question Processing	Allows users to ask questions using natural language.	FAQ Assistant API	Done	Makes the system easy to use
3	API-Based Communication	Receives user questions through an API and returns the generated answer.	API Endpoint /ask	Done	Enables application integration
4	JSON Request and Response	Accepts questions and returns answers in JSON format.	JSON / API	Done	Provides structured data communication
5	Gemini AI Integration	Processes user queries and generates relevant responses using Gemini AI.	Gemini AI	Done	Provides AI-generated responses
6	Input Validation / Error Handling	Handles empty or invalid questions with appropriate validation or error responses.	API	Done	Improves reliability
7	API Testing	Tests API requests and responses using Thunder Client.	Thunder Client	Done	Verifies API functionality
8	Application Integration	Provides a reusable API that can be integrated with websites and other applications.	FAQ Assistant API	Done	Supports reuse in different applications

Feature Summary:

Metric	Count / Value
Total Features Planned	8
Total Features Implemented	8
Core / Must-Have Features	6
Additional / Nice-to-Have Features	2
Features Tested & Verified	4

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	0	No dedicated UI is documented
2	Backend / Logic	3	FAQ processing, Gemini AI processing, error handling
3	Database / Storage	0	Database integration is listed as a future enhancement
4	API / Integration	5	/ask endpoint, JSON communication, API testing, Gemini integration, application integration
5	Security / Authentication	0	Authentication is listed as a future enhancement
